

CELEBRATES  
COMING OUT

First celebrated in the United States in 1988, the initial idea was rooted in the feminist and gay liberation spirit emphasizing the most basic form of activism; coming out to family, friends, and colleagues and living life as an openly lesbian or gay person. The foundational belief is that homophobia thrives in an atmosphere of silence and ignorance and that once people know that they have loved ones who are lesbian or gay, they are far less likely to maintain homophobic or oppressive views.

Thirty-three years later, we continue to celebrate and bring awareness to National Coming OUT Day (NCOD) on October 11 to support lesbian, gay, bisexual, and transgender (LGBT) people who "come out of the closet." one.n.ten envisions a world where all LGBTQ+ youth and young adults are embraced for who they are, but we know that only 57% of the youth who attend one.n.ten programs last year are out to their families and even fewer are out to their doctors or school. We stand with and recognize many in our community who cannot safely come out. Our hope is together we will find a day where everyone will be able to do so.

one.n.ten invites you to be part of our inaugural National Coming OUT Day celebration on Monday, October 11, 2021. Join us for an evening of coming out stories, food, fun, and celebration as we support the youth and young adults we serve during their coming out journey.

We are currently seeking sponsorships and hope you will consider supporting one.n.ten. Attached you will find a variety of opportunities to make your commitment heard through the one.n.ten community. Thank you for your consideration. I hope you will be part of this inspiring celebration!

With gratitude,
