"I love the staff, volunteers, and youth that come to the YC. It's weird to explain but it feels like being in a TV show at times, everyone has their own different and unique and amazing personality and all of that just makes being at the YC such an amazing experience. That and how much there is to do at the YC. With the music room, video games, board games, table tennis/foosball, (and probably more that I haven't discovered) there is just so much opportunity to have an amazing time with other youth with everything provided at the YC! It is a happy place, because of you."
